Front end	:	HTML / CSS / Sass / JavaScript / TypeScript / React / React Router / Next.js / Styled-components / Tailwind CSS / Material UI / Bootstrap
Back end	:	Prisma / Sanity / Shopify Api / Supabase / Postgres / Mysql / SQLite / SQL Server / Serverless / GraphQL / Apollo client / Mongodb
Cloud	:	Amazon Web Services / Microsoft Azure / Google Cloud / Oracle Cloud
Version control	:	Git / GitHub / Gitlab
Agile Methodologies	:	Scrum
Tools	:	Jira / Zenhub
UI/UX Design:	:	Figma

EDUCATION

Rabat School of Mines (Mines Rabat) Rabat, Morocco
Engineering degree in software engineering *2021 – Present*

University of Moulay Ismail Meknes, Morocco
Bachelor's degree in computer engineering *2016 – 2017*

University of Moulay Ismail Meknes, Morocco
Diploma of university studies in science and technology (DEUST) *2014 – 2016*

Ibn Tahir High School Errachidia, Morocco
High School Diploma, Physiques Sciences *2013 – 2014*

EXPERIENCE

Frontend Developer Sept 2022 – Present
Della7 *Remote – Brussels, Belgium*

- The process involved setting up the Frontend codebase, which includes configuring **linting**, **formatting**, **pre-commits**, and **CI/CD** using **Vercel**.
- High-quality code using **"eslint"** to identify and fix any issues.
- Consistent code formatting using **"prettier"** and **"prettier-plugin-tailwindcss"**.
- Internationalization support with the help of **"i18next"**, and **"react-i18next"**.
- Overall, my role is to leverage the power of **React**, **React Router**, and **Tailwind CSS** with **Vite** as the development server to build a visually appealing, user-friendly, and accessible poducts.
- The creator and maintainer of the company's landing page.

Frontend Developer Intern Jul 2022 - Aug 2022
INFOGERANCE ET INGENIERIE INFORMATIQUE *Intern - Rabat, Morocco*

- Built a visually stunning and highly functional landing page for **i2i** using **React**, **Tailwind CSS**, and **Vite**, incorporating **headlessui**, **heroicons**, and **framer-motion**.
- Collaborated closely with **i2i**'s design and development teams, utilized scrum methodology and **Jira** for project management, and deployed the landing page to **Vercel**.
- Demonstrated strong project management skills and attention to detail to deliver the project on time.

Backend Developer Intern   June 2022 - Jul 2022
INFOGERANCE ET INGENIERIE INFORMATIQUE   *Intern - Rabat, Morocco*

- Developed an e-commerce backend for **i2i** using **Python** and **Django framework**, with features such as product listing, search, filtering, and ordering.
- Integrated **PostgreSQL** using **psycopg2** driver and deployed on **Heroku** using **Gunicorn** and **Django-Environ** for managing environment variables.
- Configured **CI/CD** pipeline using **Git** and **GitHub** actions for automated build and deployment.
- Collaborated with team members using **Git** and **GitHub** for project management and progress tracking.

ACADEMIC PROJECTS

enimplanner   *Java, Javafx, Scene Builder, Postgresql, Docker, Git, Github*   Source Code

- Developed and built enimplanner, a fully functional desktop application for academic purposes to help students manage their coursework and schedules, using **Java**, **JavaFX**, **Scene Builder**, **PostgreSQL**, **PgAdmin**, **Docker**, **Git**, and **GitHub**.
- Created a user-friendly interface and a robust database system, leveraging **Git** and **GitHub** for version control and collaboration.
- Worked both independently and collaboratively, utilizing **Docker** for easy deployment and ensuring timely delivery of a high-quality end product.

SELF-CREATED PROJECTS

Skills builder   *React.js, Next.js, Prisma ORM, Supabase, PostgreSQL, Auth0, Stripe, Tailwind CSS, Vercel*   Source Code

- Participated in the **Itholic** competition at **ENSIAS** and finished 2nd on the leaderboard.
- Collaborated in the development of Skills builder, a **SaaS** e-learning platform using various technologies such as **React.js**, **Next.js**, **Stripe**, and **Auth0**.
- Utilized **commitlint**, **eslint**, **husky**, and **prisma** to enforce commit conventions, fix code problems, and handle data models.
- Managed Scrum methodology and deployed Skills builder to **Vercel** via a **GitHub** codebase using **Zenhub**.

Dev blog   *React.js, Next.js, Sanity, Next-Auth, GROQ, Tailwind CSS, Vercel, Git, Github, Husky*   Source Code

- Developed a Dev blog web app using **Next.js** for server-side rendering and **React** integration, **Next-Auth** for authentication, and **Sanity** for content management.
- Used **GROQ** to query data, **Keen Slider** for slider functionality, and **Prism.js** for syntax highlighting.
- Optimized images with **Sharp** and utilized **portabletext/react** for portable content.
- Ensured code quality with **ESLint**, **Husky**, and **Commitlint**, and styled the blog with **Tailwind CSS**.

Aimdexter.com/My personal portfolio   *React.js, Tailwind CSS, Vercel, Git, Github*   Source Code

- Developed using **React** and **Tailwindcss**, and is available as an open source project on **Github**. It is designed to support dark mode and is optimized for lightning-fast loading times. Additionally, it has scored highly on the Lighthouse Google audit, achieving top marks.

Frontend Mentor   *React.js, Html, Css, Sass, Javascript, Tailwind CSS*   View Contributions

- All the challenges I have completed, as well as my contributions to the community, which range from assisting others to offering high-quality and open-source solutions.

OPEN SOURCE CONTRIBUTIONS

Next js starter — Contributed to Next js   *Next.js, Tailwind CSS, Vercel, Git, Github*   View Contribution

- **NextJS** Minimal Starter
- Maintability **A+** from Code Climate
- One click deployment on **Vercel** and **Netlify**

- -

Neutralinojs starter — Contributed to Neutralino js *Neutralinojs, React.js, Tailwind Css, Git, Github* View Contribution

- Lightweight and portable desktop application
- Support for Reactjs and Tailwind Css

- -

Vitejs and Reactjs starter — Contributed to React js *Vitejs, React.js, Tailwind Css, Git, Github* View Contribution

- Vitejs server for development
- Support for Reactjs and Tailwind Css

CERTIFICATIONS

- Certified Software Engineer by ALX Program (Certification program starting on the 15th of March 2023, spanning a duration of 12 months)
